 equipment to provide

- We need a **DVD Player** and a **video projector**.

-We need **2 D.I Box**.

-The sound will be managed by our sound engineer in charge during the soundcheck and the show. If a sound engineer is present, he will work with our sound engineer.

- We need some french electric adapters, the consequent cables and battery type AA (LR06).

- 1 Hour is necessary for the soundcheck.

## FRONT CONSOLE :

**RETURNS MONITOR:** 4 circuits preferably independent.

**LIGHTS:** Lights of colours blue, violets and orange are **OBLIGATORY**.  
**STROBOSCOPE** or system allowing a stroboscopic effect.  
Smoke Machine.
